

Electronic Magnifier

Model :
WS-EM200

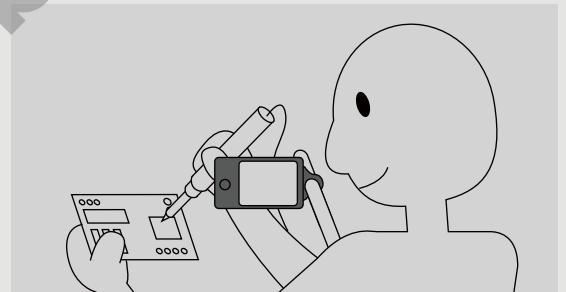

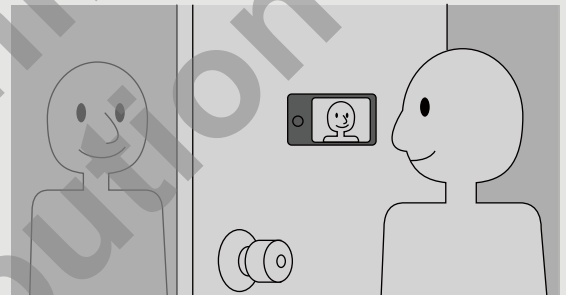

本產品是一款專為安全防護所設計的即時監控系統，透過彩色LCD即時監看現場情況，提供最完善的安全防護措施。解析度高、畫質清晰、廣角攝影。安裝容易，操作簡單，不需軟體。特殊吸鐵設計，任何具有鷹眼之大門皆可不需安裝即能使用。本產品另可當作電子放大鏡使用，可調整焦距，特別適合工程師焊接時使用。

This product is designed for real-time monitoring purpose, particularly in the situation where it is required to monitor surroundings at the scene. It provides the most comprehensive functions which measures through the color LCD. High resolution, clear picture along with wide-angle photography ensures the reliability of this security system. It is easy to install and there is no extra software required. With special iron absorption design, any door with Hawk-eye can equip this device without additional installation. This product also provides alternative function to work as the electronic magnifier. It is a handy kit for engineers to adjust focus in order to make the best use in welding.

Specifications

- Display : 2.4" color TFT LCD (320 x 240 pixels)
- Resolution : 320 x 240 @ 50fps maximum
- Li-battery capacity: 180mAh
- Temperature : Operates between 0 ~ 40 degree Celsius
- Humidity : Operates 10%~80%; Storage 10%~80%
- Parts Supplied : Door viewer, Door CCD, clock battery, screws and fixings, instructions, snake eye Allen key.
- Applicable Location : Hotel, Factory, Electric market, Hypermarket, Security market

Handheld Wireless AV Receiver

Model: WS-TFT28
 Frequency : ISM 2400-
 Transmission Power : 1
 Modulation Mode : GFSK
 Display Element : 2.8 inch
 Resolution : 10~16 frames
 262K, 0.3
 Battery : Built in 500mAh
 Operation period : 1 hour
 Input Voltage : B Type M
 Micro-SD : Support 8G
